Brother's computer takes up all the bandwidth - [Solved]
2019/07/29

To preface: My brother and I are into competitive shooters that require a good ping, and we both have computers about the same distance from the router. Every time I'm on by myself, I have really good connection, as we have a good internet service, but every time he gets on it takes web pages minutes to load and I start getting kicked from matches if I can even get in at all. We have the same internet card, mine being a few months older but neither being over a year or so old, just he broke one of the antennas off of mine in an accident. I've looked and looked but I can't find something that works. I've even set his qos to low and mine to highest. If anyone can help that'd be great
