Can't switch back to WPA2

2019/07/29

I recently re-set my router (Ambit U10C019), which was originally set up with WPA2 security. After the re-set, it is now set to WEP. I can log in to the router set-up page, but the options to change security to WPA2 are set at "disabled" and are greyed out. Does anyone know why I am unable to change this, or how to fix it?

## indoor cell phone signal booster
